

Appendix 7

Executive Committees of the International Federation

The Executive Committee composition has changed over the years. Initially, when the number of societies was few, each society was represented directly on the Executive Committee. Those representatives were Federation Vice-Presidents during the first three terms. Eventually a separate Council of Delegates was created. The positions of Vice-President then were discontinued.

An EMG Commission existed from 1961 to 1990 to represent the interests of the EMG community in the Federation. The EMG Commission Chairman was a member of the Executive Committee during those terms. Eventually EMG became an integral part of the Federation as a whole, and the need disappeared for a separate EMG Commission.

A Member-at-Large position was created in 1965 to increase the diversity of representation of the Executive Committee. A second Member-at-Large position was added in 1985 for the same reason.

1949–1953

President	Herbert Jasper	Canada
Vice-Presidents	Robert Schwab	USA
	William Grey Walter	UK
	Fritz Buchthal	Denmark
Secretary	Henri Gastaut	France
Treasurer	Antoine Rémond	France
