ASSOCIATED ORGANIZATIONS

CO-HOSTING SOCIETIES

The International Federation of Clinical Neurophysiology
The Swiss Society of Clinical Neurophysiology

This Congress features numerous opportunities for your company to be involved, to gain exposure and to showcase your products and services to more than 1,000 clinical neurophysiologists from around the world. From exhibits and advertising to delegate services and educational support, ICCN is happy to partner with you and your company to find just the right fit to meet your needs and to bring the latest industry information to ICCN delegates.

Exhibit Hall Closes
The International Congress of Clinical Neurophysiology is traditionally one of the most important scientific events for physicians practicing clinical neurophysiology. Most of them are neurologists who, in addition to performing some of the wide variety of diagnostic neurophysiological evaluations, actually treat patients with different neurological conditions such as epilepsy, neuropathic pain, neuromuscular disorders, etc. The Congress also attracts numerous physiatrists and residents in neurology and physical medicine, as well as basic investigators.

*Based on historic meeting data
