

6th International Meeting of the BRAINSTEM Society

Tuesday, March 18, 2014

14:00 Welcome remarks
J Valls-Sole, J Ellrich

Session I: Brainstem reflexes and physiology

M Kofler, G Iannetti

14:10 The vestibulo-ocular reflex in vertigo,
dizziness and balance disorders
AM Bronstein, London, UK

14:40 Vestibular evoked myogenic potentials
ES Papathanasiou, Nicosia, Cyprus

15:10 Sensorimotor integration during stance
M Schieppati, Pavia, Italy

15:40 Intraoperative brainstem monitoring
V Deletis, New York, USA

16:10 Oral presentation, N.N.

16:25 Poster & Coffee

17:45 Brainstem functions in dystonia
M Hallett, Washington, USA

18:15 General Assembly BSS

19:30 Speaker's Dinner

Wednesday, March 19, 2014

Session III: Motor control

J Valls-Sole, N Wolf

8:30 Motor control of swallowing reflexes
S Hamdy, Salford, UK

9:00 Cerebellar influence on basal ganglia
J Rothwell, London, UK

9:30 Brainstem in multiple system atrophy
G Wenning, Innsbruck, Austria

10:00 Exaggerated startle reactions
MAJ Tijssen, Groningen, The Netherlands

10:30 The StartReact phenomenon.
J Valls-Sole, Barcelona, Spain

11:00 Oral presentation, N.N.

11:15 Poster & Brunch

Session IV: Pain

J Ellrich, S Jääskeläinen

12:30 Endogenous pain control systems:
translational aspects
L Villanueva, Paris, France

13:00 Neuropathic pain assessment
G Cruccu, Rome, Italy

13:30 Advances in neuromodulatory treatment of
cluster headache
R Jensen, Copenhagen, Denmark

14:00 Oral presentation, N.N.

14:15 Closing remarks
J Valls-Sole, J Ellrich

General information

Program committee:
Jens Ellrich, Josep Valls-Sole,
Markus Kofler, Nadine Wolf

Organization:
BrainStem Society
